Don't Get Burned

Dangerous and potentially deadly counterfeit products, from extension cords to cell phones, are purchased every day.

Take this extension cord, for instance. If you bought it "on the cheap," you could be... well, playing with fire. Fake products are made without safety standards, and they put you and your family at risk. Stick with reputable products from trusted sources and you won't get burned.

Counterfeits Hurt.
You Have the Power to Stop Them.

Protect yourself from counterfeit products.
